

REBELS NOW FOR PEACE

Have Had Enough War With Americans.

NEGOTIATIONS OPENED BY GEN. LUNA

Heretofore Most Irreconcilable of the Insurgents.

COLONELS SENT TO OUR LINES WITH FLAG OF TRUCE.

Officer Empowered By His Chief to Request a Cessation of Hostilities Looking to Settlement of War—Action Partly Prompted By Utter Rout of Main Body of Filipino Army Yesterday—Flattering Report Received From Gen. Otis Relating Achievements of Recent Engagements.

Manila, April 28—[Special]—The Filipinos have had enough of war with the Americans.

Today, through their leader, they opened negotiations for peace.

Negotiations were opened by Gen. Luna, Aguinaldo's chief staff, and heretofore the most irreconcilable of the insurgents.

He sent one of his colonels to the American line with a flag of truce.

This officer said he had been empowered by his chief to request a cessation of hostilities, pending negotiations looking to a settlement of the war.

MacArthur complied with the request, pending instructions from Gen. Otis.

Luna's action was partly prompted by the utter rout of the main body of the Filipino army yesterday.

Luna personally commanded the fight, but even his presence could not stop the demoralization which lately seems to have taken hold of the Filipinos.

In spite of the news that the Filipinos appear ready to surrender, no action has been taken here to hold back the troops that have been ordered to proceed to Manila.

The news of the peace overtures caused general rejoicing in all the departments.

Gen. Corbin predicted that there would be no more fighting. He said that if Otis said peace was in sight, we can rely upon it.

Otis Takes Determined Stand.

Manila, April 28—[Special]—Luna's envoys arrived here this morning. They are conferring with Gen. Otis.

The Filipino envoys proposed a cessation of hostilities until their congress decided whether or not to continue fighting. Gen. Otis replied that he did not recognize any insurgent government and that he would not begin negotiations on that basis.

It was agreed to have another conference tomorrow.

FLATTERING REPORT FROM OTIS

After Taking Calumpit MacArthur Crosses River In Face of Great Obstacle

Washington, April 28—[Special]—The following was received from Gen. Otis this morning: "After taking Calumpit, MacArthur's division crossed the Rio Grande river in the face of the great obstacle of driving the concentrated force of the enemy back on the railroad two miles. MacArthur reports that the passage of the river was a remarkable achievement, the success of which was due to the daring and skill of Col. Funston, under the discriminating control of Wheaton. The casualties were slight, the number not known."

"This morning the chief of the staff of commanding generals of the insurgent forces entered our lines to express his admiration of the wonderful feat of the American army in forcing a passage of the river, which was thought impossible. That officer reports that the insurgent commanding general has received from the insurgent government directions to suspend hostilities, pending negotiations for a termination of the war."

"Yesterday a force of fifteen hundred rebels attacked our troops at Taguig, but were driven back by a Washington regiment with considerable slaughter. Our loss was two killed and twelve wounded."

REBELS IN FULL RETREAT.

Filipino Army Is Completely Routed by American Troops.

Manila, April 28—Gen. MacArthur's division crossed the Rio Grande Thursday and advanced on Apalit, completely routing the flower of the rebel army.

Most of the rebels fled to Apalit station, where two trains were awaiting them. They left hurriedly, presumably for San Fernando. The towns of San Vicente and Apalit were simultaneously burned and evacuated by the natives.

Twenty prisoners were captured, including a Spaniard.

The American troops also captured

a brass cannon and a quantity of arms and ammunition and a Maxim gun on the railroad.

The fighting lasted from noon until 4 o'clock.

The American loss is one man of the Montana regiment killed and three officers and six men wounded.

Kansas Troops Cross First.

The enemy was strongly entrenched on the river bank, near both sides of the railroad bridge. Gen. Wheaton sent Col. Funston across, with two companies of the Twentieth Kansas regiment, a couple of privates swimming the swift stream with a rope, under a galling fire, for the purpose of guiding the raft.

The men crossed in squads of twenty, and attacked the left flank of the rebels, who scuttled like rabbits into covered ways and trenches.

The rest of the regiment was compelled to cross the bridge in single file along the stringers. All the woodwork and much of the ironwork had been removed. The First Montana regiment followed the Kansans across the bridge.

Nebraska Troops Attack.

The First Nebraska regiment, acting as a reserve, attacked the rebels in three lines of trenches, driving them out, killing sixteen and wounding many.

In the meantime a large body of Filipinos, estimated at no fewer than 3,000, led by Gen. Antonio Luna, on a black charger, that was evidently coming to reinforce the rebels who were engaged with the Nebraskans, appeared in the open field about two miles to the left.

Emerging from the jungle, the enemy formed an open skirmish line nearly two miles in length, with thick reserves behind. They then advanced at double quick until they were about 2,000 yards from the American line, when Gen. Wheaton ordered his troops to fire.

The rebels, who were evidently unaware the Americans had crossed the river, broke and ran in the direction of Macabebe. The other Filipinos fled toward Apalit station.

Lawton's Remarkable March.

Gen. Lawton's advance has been a remarkable demonstration of the resistless energy which characterizes all his undertakings. The last troops forming his column only reached Noyzagar Thursday. The men were badly played out, as during the last two days they have dragged bullock carts over roadless jungles and through swamps, cutting their own way for miles. They will rest three days, and then, with Col. Summers' command, consisting of the Oregon and Minnesota regiments, the troops will resume the march westward, co-operating with Gen. MacArthur's forces.

A report has gained wide currency among the volunteers that the government intends to ask that there be no fighting after Calumpit is captured, and that it is the intention to replace them at the front with regulars, which are being brought here on board transports.

Peace Rumors at the Capital.

Washington, April 28—Rumors have been afloat here that negotiations for peace are actively under way with Aguinaldo. It was reported Gen. Otis had telegraphed the war department to this effect.

Adjt.-Gen. Corbin was seen and denied the story explicitly, but the rumors are so persistent as to cause many people to believe that they may be well founded.

CAPITAL IS \$75,000,000

Articles of Incorporation For Copper Trust Filed At Trenton, New Jersey.

New York, April 28—[Special]—Articles of incorporation for a copper trust were filed at Trenton, N. J. Marcus Daily is president. Its capital is seventy five million dollars, but will be increased to five hundred million.

CONGRATULATES OTIS

President Sent Message to the General, His Officers and Troops.

Philadelphia, April 28—[Special]—President McKinley this morning sent a congratulatory message to Gen. Otis, his officers and troops.

LIEUT. WHITING SAILS SOON

Signal Corps Ordered From Cuba to the United States.

Lieut. J. B. Whiting Jr. writes from Havana to his father, General J. B. Whiting, that orders have been received to mobilize all the signal corps companies now in Cuba. Sometime between April 30, and May 5, the order read, the whole signal corps division will sail from Havana for Tampa, Florida. After staying in quarantine as required at Tampa, the corps will proceed to Savannah to be mustered out of the service.

Lieut. Whiting had been busy for some days in mustering out men who desired to re-enlist in the regular service, and at the conclusion was assigned to the Second Squadron of the Seventh Regular Cavalry to serve until the signal corps branch was sent home. Unless the present order is rescinded, he will probably arrive in Jamesville in the latter part of May or early in June.

ROSS IS ACQUITTED OF MURDER CHARGE

JURORS SAY HE DID NOT KILL KATIE DUPREY.

Defendant One of the Principals in a Tragedy Two Years Ago in Which Two Women Were Shot—Appointed By Gov. Scofield to Fill Vacancy State News.

Appleton, Wis., April 28—Porter Ross, of Kaukauna, who has been on trial all week, on the charge of having murdered Katie Duprey two years ago, has been acquitted. It took the jury thirty minutes to agree on this verdict, and the second ballot decided the question. The grounds given by the jurors were that Attorney Nugent, who had appeared for the defense, had satisfactorily shown that Ross shot the woman while scuffling with one of the men who had accompanied the two women to the resort. The first ballot stood six to six, and after a little discussion all of the jurors voted for acquittal.

Ross was convicted of the killing of his wife two years ago, and served a sentence at Waupun. Katie Duprey, his sister-in-law, he shot at the same time, and she died three weeks later. The tragedy occurred in a notorious resort March 8, 1897, the women having gone there and having been followed by Ross to get them to leave. Ross is 60 years of age.

STREET RAILWAYS OBLIGED TO REPORT

ASSEMBLY KILLS INSURANCE BILL PASSED BY SENATE.

Contented Bill Would Wipe Out Every Fraternal Company in the State—Orton Bill Taxing Insurance Companies Took Up Most of the Morning in Senate—Discussed at Length.

Madison, April 28—[Special]—The assembly killed the bill passed by the senate providing for an annual valuation of insurance policies and requiring all companies to keep a reserve fund based on valuation. It was contended the bill would wipe out every fraternal company in the state.

The assembly concurred in the senate bill to compel street railways to report to the railroad commissioner.

The bills authorizing cities to acquire water works; providing for open ballots in senatorial caucuses and forbidding the use of proxies in political conventions went to third reading in the assembly.

Orton's bill for the taxing of insurance companies was a special order in the senate and took up most of the morning. A substitute bill making the tax on the Northwestern Mutual about \$150,000, instead of \$220,000 was discussed at length. The substitute bill was voted down and the original passed by a vote of 25 to 11.

Madison, Wis., April 28—The vexed anti-pass bill Thursday went through both houses with practically no opposition, and will be signed by the governor. By the agreement of the conference committee the using of a pass or frank is made a felony punishable by from one to five years in state prison or by a fine of from \$300 to 1,000. The word bribery is stricken out, also the office-forfeiture clause, and the railway commissioner is not made exempt from its provisions. It is practically in the form of the anti-pass resolution for a constitutional amendment that will be submitted, and in its sweeping provisions reaches all officeholders and candidates, as well as delegates to political conventions and members of political committees.

A large number of bills were slaughtered in each house. The senate passed the bill allowing counties to build reformatories.

MRS. GEORGE IS FREED

FORECAST OF WEATHER

Chicago, April 28—[Special]—Forecast for Wisconsin: Fair tonight, probably showers Saturday.

Shooting Trout.

Will Carter is the champion fisherman so far this season, yet he never wets a hook. Armed with a Krag-Jorgensen rifle, he drove out to Parker's mill yesterday, and, seeing a five-pound trout in the raceway, sent a steel bullet after him. The bullet missed the trout, but the concussion killed four others equally as large, which Mr. Carter secured. A few days since he killed twenty pounds of fine trout, only one of which was found to be pierced by a bullet.—Americus (Ga.) Times-Recorder.

Easy Way to Clean a Chimney.

An easy way to clean a chimney of soot has been discovered by a Maine man. Instead of going to the top of the chimney and probing with rods, he begins at the bottom. There an opening is made, and he fires upward a revolver charged with a blank cartridge. The concussion, it is said, will clean out the soot. He also claims that the burning of a piece of zinc in a stove will clear the stove and its funnel of soot.

TWO-DAYS' INSTITUTE HELD

Large Gathering of Applicants for Teachers' Certificates.

Twenty-one applicants presented themselves for examination at the High school this morning, it being the closing examination for the school year. Those desiring third grade certificates are examined in arithmetic, geography, grammar, theory and the art of teaching; and the first grade applicants in physics and complete algebra.

"There is a great falling off of applicants, especially for third grade certificates," said Prof. David Thorne. "In 1891, at the spring examination there were 156 applicants. This fact is accounted for by several reasons. It has been a custom for many to simply experiment with the examinations, and then the one dollar tax has perhaps had some effect."

City Supt. Mayne, Supt. Ross of the first district, and David Thorne, superintendent of the second district, have been in communication with the state department at Madison in reference to a two-weeks institute to be held in Jamesville commencing August 7. Should the state superintendent assist them in this matter they promise to have some of the best institute conductors in the state present.

Following is the list of those taking the examinations:

1st Grade Applicants—Ethel Waggett, Jamesville; Alfred Foote, Milton Junction. No second grade applicants.

3rd Grade Applicants—From Jamesville, Levi Ross, Chas. Woodstock, Fred Holt, Dollie Enright, Sarah Venable, Ruth Gagan, Eva Green, Imogene McDonald, Florence Morely, Beloit; Alice Billington, Beloit; Jennie Sanborn, La Prairie; Katherine McGlauchlin, Turtle; Emily Irish, Emerald Grove; Hilda Ashburn, Sharon; Edna L. Caldwell, Beloit; Myrta Cranstin, Beloit; Margaret Decker, Harmony; Georgette Merlet, Newark, Flossie Appleby, Beloit.

PURCHASE THE BEST SEED

Rock County Farmers Will Raise Extra Fine Leaf Crop

Of the Rock county leaf tobacco market this week's issue of the Farm and Home says:

Now that the farmers have disposed of their '98 they are devoting considerable attention to the prospective crop. The seed has been sown and some of it has sprouted and appeared above ground. Until yesterday the ground had been cold and dry, retarding the growth of the plants. Yesterday afternoon a fine rain gave the seedbeds a good soaking and will start the plants rapidly.

This year the farmers have generally been careful in the selection of their seed and they purchased much of the best in the market.

Gold goods local dealers are enjoying a fairly satisfactory business and some good sized sales have been made. Sam'l Grundy received 150lbs of Ohio Summer this week.

Conrad Bros. sampled 150lbs of '97 Wednesday.

Max Bamberger of Philadelphia, was in our market Tuesday.

A. Sordheim of Philadelphia, purchased old leaf in our market this week.

A. Haskins, who has packed 3000cs '98 at the Buckle factory for Julius Marquisse of New York, has finished his packing and left for New York yesterday.

T. E. Welch shipped two cars of '98 to Milwaukee this week, to be assorted.

TOOK ALDERMAN UNAWARE

James P. McLean, Surprised By Party of Friends.

Last evening when Alderman James P. McLean arrived at his home, 167 Center avenue, to enjoy his close of day meal, he was surprised to find that a number of his friends had taken possession. The good wife had prepared and awaiting a most inviting supper, to which all did ample justice. A few hours glided swiftly by in social converse and during the evening the host was the recipient of a handsome leather upholstered chair.

Among those present were ex Mayor John Thoroughgood, Sheriff William H. Appleby, Dr. E. D. Roberts, J. L. Mahoney, Isaac F. Connors, Horace McElroy, Fred C. Burpee, Will F. Kimball, J. J. Cunningham, Edwin F. Carpenter, Charles P. McLean and Colin C. McLean and J. J. Cunningham.

Mrs. J. B. McLean was ably assisted by Mesdames Amanda Madden of Chicago, and William Kimball and Penton Winans of this city.

Large Cities Compared.

The largest city in the world is London, which has a population equaling the combined population of Paris, Berlin, St. Petersburg and Rome. Its streets, placed in a row, would reach around the world, leaving a bit over long enough to reach from London to San Francisco.

New English Recruits.

The illiteracy of the new recruits of the English army is commented upon in the report just published in London. Only 41 in 1,000 are well educated, and 18 are utterly illiterate. Thirty-five per cent of the applicants are rejected for physical disability, and this proportion is said to show a slight improvement over former years.

Smallpox in German Cities.

Berlin, April 28—Virulent smallpox has appeared simultaneously in various parts of Germany, notably at Iserlohn, Hanover and Moccadio. The authorities are taking prompt steps to prevent its spread.

MANY KILLED BY AWFUL CYCLONE

Death and Destruction at Kirksville, Mo.

WEEPING OF ORPHANS AND MOANS OF WOUNDED.

Forty-one Bodies Recovered—Search For Victims Continued Throughout the Night—Actual Number of Dead Unknown—Fury of the Elements at Newton More Than at First Supposed—Nineteen Dead Bodies Already Found There and Over Forty Were Injured.

Kirksville, Mo., April 28—[Special]—Death and desolation reign here today. There is weeping of the orphaned and widowed, mingled with moans of the wounded, while scores of physicians, surgeons and nurses are performing their missions of mercy.

The search for victims of the awful cyclone continued throughout the night and with the coming of dawn scores joined in the task.

The actual number of dead is still unknown, but forty-one bodies have already been recovered.

The work of the wind at Newton was worse than at first supposed. Twenty persons are now thought to have been killed there. Nineteen dead have thus far been found and over forty were injured.

Kirksville, Mo., April 28—Kirksville, best known to the world as the birthplace of osteopathy, was almost half destroyed by a terrific cyclone at 6:20 o'clock Thursday night. More than twenty-five were killed, scores are feared to be dying from injuries and at least 500 more are more or less injured.

A path a quarter-mile wide and as clean as the prairie was swept through the eastern portion of the city, and 400 buildings, homes and mercantile houses, were leveled to the ground in scattered ruins.

In the heavy rain that followed the people who had escaped turned out to rescue the injured.

For two hours not much was accomplished, as all was confusion, but by 8 o'clock twenty-five dead bodies had been taken from the ruins. It is confidently expected that the list of dead will reach between fifty and sixty, if not exceed that. Almost 1,000 people were more or less injured.

Many Remarkable Escapes.

The list of dead is increasing as the work of clearing away the ruins progresses. Numerous cases of almost miraculous escapes occurred. One woman was carried several hundred yards, and received only slight bruises. The cyclone came without warning. It struck the southeast portion of the city about 6 o'clock, and inside of three minutes the work of destruction was accomplished. The cyclone came from the southwest and was a characteristic funnel-shaped twister. The funnel dipped down when it reached the edge of the town, and as it progressed its path widened until it lighted on the worst-wrecked portion of the city. It spread out over four or five blocks. Everything went down before the storm, and houses on its outer edge were unroofed.

Rescuing the Victims.

Hundreds of men ran toward the devastated district before the great wind cloud had passed from the city limits. The work of rescuing the dead and wounded was in progress within five minutes. Fire started in the ruins of several buildings. Those who had escaped the storm were running about pitifully calling for missing relatives. Buildings were scattered to the four winds by the storm and the whole district was covered with boards and shingles. Some of the buildings on the outer edge of the storm were not destroyed, but the wind showed its power by setting the houses at all angles of the compass. Residences were turned almost clear around without being wrecked.

The doctors of the city were on hand to render assistance to the injured, and they were kept busy all night attending to the sufferers. Doctors in surrounding towns were summoned by telegraph to assist in caring for the wounded. The sufferers are receiving the best of attention. Some are so severely wounded that death cannot be averted, and the list of fatalities will be increased.

Part of the Town Escapes.

The west end of the village, built upon around the osteopathic college, escaped. Many students' families dwell in the track of the storm, however. A complete roadway a quarter of a mile wide now lies through the town, windswept and with hardly a brick or board to mark where homes stood. Houses, trees, everything, was demolished and swept away. Help has been telegraphed for by Mayor Noonan all along the line of the Wabash railroad. Undertakers have telegraphed to St. Louis for carloads of coffins. A subscription has been started for the destitute and suffering, and outside help will be sorely needed.

CLINTON MUSICIANS ORGANIZE A BAND

MEETING HELD MONDAY AND
OFFICERS ELECTED.

Solicitation of Funds For Purchase of
Instruments—Fire Company Boys
Pleased Over Prospects of Fund Be-
ing Raised—Appreciation of Services
Rendered in Recent Fire.

Clinton, April 28—Clinton will have a brass band once more. A meeting was held Monday evening and an organization effected. The following officers were elected: President and business manager, M. M. Murray; secretary, Corwin Smith; treasurer, F. W. Herron. The other members of the band are: L. J. Merrill, W. L. Swinger, E. M. Goodsell, A. Nussbaum, W. Bruce, George Anderson, R. D. Thomas, Chas. Patchen, Charles Emery, O. Nesten, William Pye. The solicitation of funds for the purchase of instruments will be in the hands of H. A. Moehlenpach and Alphonso Bogardus. Clinton already has a fine band stand which a little paint will make as good as new. The services of a musical director have been secured, and our citizens will now look forward with pleasure to many summer night concerts in open air. The next meeting will occur on Friday evening. The fire company boys are greatly pleased over the prospects of a fund being raised for them. H. N. Cronkite started the ball rolling by giving five dollars. H. A. Moehlenpach came down with ten and an insurance company also gives ten. The fund will no doubt grow fast as many people in town feel very grateful to the boys for the excellent service they have rendered in recent fires. Pastor Lee's fourth address to young people will be given next Sunday evening. Subject, "Two Voices." Rev. T. J. Parson's editor of the "Church Record" just started here is something of a printer as we understand that he set all the type and arranged the matter for his paper himself, thus relieving the Herald office of all work except running it off on the press. Three hundred copies were issued the first month and subscriptions are coming in fast. It will be a success. The first ball game of the season will occur here Saturday between teams from the high school and grammar room. The young people will have charge of the service at the Baptist church next Sunday evening. Mrs. M. M. Murray and daughter, Grace, spent a little time in Delavan recently. T. D. Northway has been re-elected street commissioner and George Gilles superintendent of the water works. Miss Ann Irish reports a very pleasant visit in New York state and comes back much improved. H. Dobbins was in town Monday supervising the painting of the Commercial Hotel. Mrs. Geo. L. Taylor was a Clinton visitor Tuesday. M. T. Park of Elkhorn, was here Monday. Mr. and Mrs. Parley Isham are in Iowa visiting their daughter, Mrs. Fred Elthorpe. Clark L. Sherwood was here recently. Ex-Postmaster Budlong and wife are in Milwaukee for a visit with friends and relatives.

LIMA CENTER LADY SURPRISED.

Friends Take Possession of Home of Miss Carrie Johnson.

Lima Center, April 28—Last Wednesday was the regular day for the sewing circle to meet, but as house cleaning is the order of the day, it was thought best not to meet. It was learned in some way that it was the birthday of Miss Carrie Johnson and many went to her home with well filled baskets and a bounteous supper was served. The hours passed swiftly by and the affair was a complete surprise. Mrs. May Johnson returned home Tuesday, after a ten days stay at Fairfield, caring for her little grandson, who has come to brighten the home of Mr. and Mrs. Will Johnson. Will Frank and family are mourning the loss of one of their twin daughters, two weeks old, which was buried last Thursday. Miss Belle Johnson went to Delavan Monday for a week's visit. Those who attended the entertainment last Saturday evening, speak highly of the singing and speaking and say that a good time was enjoyed. E. O. Allcott and wife, of Johnston, Sunday at H. L. James. Mrs. Orson Truman and her mother, Mrs. Mark Child, Mrs. Ora Truman and Mrs. Hull drove to Hebron Thursday to visit friends and to celebrate Mrs. Child's eighty-first birthday. Ezra Saxe went to Whitewater Thursday to visit his mother, who is very sick, and to attend the family gathering, it being her eighty-ninth birthday.

TO DELIVER ADDRESS AT AFTON

Rev. Arthur C. Kempton to Speak Wednesday, May 3.

Afton, April 28—Rev. Arthur C. Kempton, of Janesville, will deliver his very popular lecture entitled, "Twenty Thousand Miles of Travel," the story of his journey in Egypt, Palestine, Syria, Asia Minor, Turkey, Greece, Italy, Switzerland, France and England, at the Afton Baptist church, Wednesday, May 3, at 8 o'clock, under the auspices of the Ladies' Aid society. ten and twenty cents. All are cordially invited to come and hear the eloquent Janesville pastor. Superintendent David Thorne has moved his family to Beloit. He will retain his office in Afton and will occupy the north wing of Mrs. Waterman's house. The house vacated by Supt. Thorne will be occupied by George W. Robb. Mrs. C. E. Uehling met with a very painful mishap. While using concentrated lye, she accidentally got some in one of her eyes, which caused her intense pain. Miss Hyla Eldredge is convalescent from measles. There are rumors of weddings soon to take place. Mrs. Tilda Leuschert left Tuesday for Hanover. Mr. and Mrs. Wm. Kilmer spent Sunday with Afton friends. The funeral services of John Withington were held at Plymouth and the remains were brought to Afton for interment. Miss Anna Brinkman has returned from Bartlett, Ill., where she has spent the winter.

Shopiere

Shopiere, April 28—The past warm days have made everything look green. A shower on Monday afternoon was something needed. Soft water is very scarce and many wells are getting dry. Winter rye looks splendid this spring, but the winter wheat was all winter killed. The ground was frozen so deep the past winter that it takes a long time to thaw out. Thompson Wheeler, of Janesville, is spending a few days with his son, William, of this place. The old gentleman has come through the winter in better shape than the majority of old people. Mrs. Excell of Chicago, is spending a few days here. There has been two new pianos bought in this place in the past week. James Phelps of Sharon, was here Monday. Ed Fonda delivered his crop of tobacco Monday. The last crop in this neighborhood. Jerome Shimeall sold a good horse in Janesville on Tuesday. A. S. Brown was laid up last week with a lame leg. Frank Steadwell was down from Janesville Wednesday. Watts Brothers' meat wagon comes down here twice a week. Both of our meat markets are closed. We have always had a meat market until this spring. Frank Truesdell's three boys went to Chicago to live with their mother. Wesley Shimeall, of Chicago, spent a few days in this place visiting his daughter and other relatives. Captain A. W. Allyn is growing weaker every day. Mr. Burnham is shingling Mrs. Spicer's house. The Weirick store looks fine since it has been cleaned and decorated. Miss Alice Smith came from Beloit to attend the funeral of Mr. Scott, of Emerald Grove, on Sunday last. Miss Ida Look and sister and Mrs. Jerolmer have been visiting relatives and friends at their old home near Watertown.

Leyden

Leyden, April 28—Miss Dawson of Eynasville, who has been visiting her uncle, J. O. Connors, went to Janesville Tuesday morning. J. M. Bolinger and Operator Mahana, of Fellows, made a fast trip to Janesville Wednesday on their wheels. Mr. and Mrs. Thomas Tobin are rejoicing over the arrival of an infant daughter. Dr. Woods of Janesville, was called to attend George Morrison Tuesday. He has been sick with the measles, but is slowly improving. M. P. Riley returned to Chicago Wednesday, after a pleasant week on the marsh. W. H. Neale of Packwaukee, visited with Walter Little, and left Wednesday night for Madison. There will be a barn dance across the river Saturday night, April 29. William Ade's family are around again. Thomas Murphy will have a man from Milton to do the blacksmithing, and he will do the carpenter work. Henry Heorig lost fifty-two hogs this spring from hog cholera. L. C. O'Brien of Janesville, shipped twenty-five cars of corn out of here this spring, and there is more to follow as soon as the farmers finish their spring work. O. Elyer received a car of lumber Thursday, and will at once proceed to build his barn. Our neighbors are anxious to know what has become of the meat wagon this spring. They would like to see it come around again.

Milton Junction, April 28—Theo. Smith of Janesville, is in town this week in charge of the transfer of the goods and fixtures of the Parker Pen Co. to the former city. John W. Swaney is putting up a large new windmill at the St. Paul hotel. The house is furnished with waterworks. Miss Mabel Winch is teaching school in the Rock River district. Mr. and Mrs. Samuel Hull of Johnston, were visiting at the home of their son, Dr. S. C. Hull, the fore part of the week. S. C. Chambers is at Worcester this week, called there by the death of his father. Miss Delana Rogers is visiting relatives in Chicago. Theresa Persels is home again, after a long visit with relatives at Stillwater, Minn. Joe Carr, of Walworth, visited his parents, Mr. and Mrs. J. G. Carr, the first of this week, accompanied by his wife, who will remain for a longer visit. Miss Nettie Coon has returned home from Walworth. The long wished for rain came Thursday afternoon. Mrs. Walter B. Swaney is home from an extended visit with relatives at Jefferson. George H. Butts attended the Masonic banquet at Edgerton Tuesday night. Ed O'Donnell's family are now at home in the Albert Holmes house having moved in on Thursday.

It Is Good Coffee.

Not a common, cheap pick-up article is this National Blend coffee we are selling at 20 cents per pound. It has the body and quality that make it worth every cent of 30 cents a pound. The rapidity with which it is going shows that it is an appreciated bargain. The people who buy it are telling their friends about it. Sanborn.

Soil Owned by Great Grandfather.

THE GAZETTE AGENCY
W. W. CLARKE, Manager,
Milton, Wis., April 28, 1899.

Next Wednesday evening at College chapel the Iduna Lyceum will present "Rebecca's Triumph," a pleasing sketch, for the benefit of the college piano fund. The ladies have given much time and care to the proper presentation of this play and deserve a liberal patronage. Make it your business to be there. The cast is as follows:

Rebecca, a founding..... Polly Rice
Mrs. Delana, her foster-mother..... Charlotte Crumb
Mrs. Robbeman, a wealthy widow..... Mattie West
Clarissa Codman, a spinster..... Louise Pullen
Wild Meg, a vagrant..... Bessie Clarke
Katie Connor..... Rachel Van Horn
Gyp..... Darl Rison
"Our Club."

Dora Gaines..... Alice Holmes

Sadie Monell..... Leo Coon
Ellie Dunbar..... Alice Clarke
Emma Stevens..... Edna Campbell
Grace Greenwood..... Anna Rice
Marian Gray..... Elsie Ritchie
Alice Leads..... Gertrude Wells
Gossie Green..... Mabel Glenn

Very few of the farms in this township are now worked by the descendants of the people who came to the state in an early day. W. H. Waterman is now tilling the soil that was the property of his great grandfather and represents the fourth generation that has worked the place. Can you name another similar case?

Sam Green is a victim of rheumatism in the hips and it makes it difficult for him to navigate.

Thursday's gale with its accompanying dust made out of door life very disagreeable.

Dr. Stillman visited Chicago friends Thursday and Friday.

H. G. Maxson is on the sick list again.

Rev. George W. Burdick is having the cellar dug for his new house on Madison avenue.

W. C. Whitford has been at home this week, but leaves Monday for Nebraska, in which state he will represent the Page Fence Co. during the summer.

Principal Whitford and Miss Spaulding got their pupils at work Tuesday and slicked up the south end of the school grounds.

The carpet beater and rubbish burner are abroad in the land and dust and smoke are ever ascending.

Ray Clarke rode down to the drug store Wednesday, his first appearance since his illness.

Herbert Rison will clerk in the drug store until Ray is able to resume his work.

E. H. Burdick visited J. R. Wheeler at Palmyra, Thursday.

Miss Edna Zinn of Farina, Ill., is the guest of Milton relatives and friends.

E. E. Godfrey returned from Effingham, Ill., recently. He has been attending school there for the past year.

Joseph Granger is again among the sick.

The flag raising at the public school has been postponed until next Wednesday, on account of the rain on Thursday.

Superintendent Thorne was in town Thursday, and will be here next Wednesday to deliver the flag raising address.

The backbone of the drouth was broken to an alarming extent Thursday afternoon and evening. It looked at one time as if an ark would be more necessary than a fire engine for the safety of our villagers.

It's a lie. Johanson has not sold out his interest in the Beanstalk.

P. M. Green has returned from Barron county. He caught many brook trout while away.

Two barns were burned near Lima during the storm Thursday evening. The flames were visible here.

Willowdale.

Willowdale, April 28—It is reported that Ad. Brown, one of our industrious young men, has purchased the Owen meat market in Footville. E. D. Mosely of Janesville, was here last Sunday. Mrs. George Hutton has been on the sick list. Mrs. Kapelski and sister, Miss Lucy Mackin of Janesville, visited Willowdale friends Sunday. J. Denning of Janesville, is doing carpenter work for John Lyons. Mr. and Mrs. Will Finley are happy over the arrival of a son, J. Spoon of Janesville, made a business call here Monday. E. Brigham was in Afton Wednesday. Miss Sarah Lyons opened school in the Hainor district Monday. J. T. Mooney was in Orford last Tuesday. Mr. and Mrs. James Scott of Janesville, were callers here Sunday. William McDermot and family now ride in a new carriage. Our grocery store has been improved in appearance by a fresh coat of paint.

Accidents Through the City Are Now Less Liable

Street Commissioner Frederick has declared war on all property owners in the city who have neglected to repair walks that have been in a damaged condition.

Carpenters, accompanied by teams loaded with repairing material, have been making a careful tour of the city this week replacing broken and rotten timbers wherever needed. In all parts of the city repairing was carried on and the same charged to the property owners. Several concrete and cement walks were found in bad condition.

IN UNION THERE'S STRENGTH

Consolidation of Two Great Attractions--
At the Grand Tomorrow Night

The union of Darkest America with John W. Vogel's Afro-American Masctodon Minstrels forms the greatest amusement alliance known to the theatrical world. Mr. Vogel has ever been the promoter of monster enterprises. He was the instigator of Primrose and West's 40 whites and 80 blacks. He also caused the A. G. Field Minstrels to leap from obscurity to its present greatness. Rival managers marvel at his daring and unite in saying that it will be impossible for such an enormous enterprise to exist; that it is foolish to give such an expensive performance, but Mr. Vogel believes in himself. The history of his past triumphs stands as a vindication of his wisdom. His present consolidated forces are unrivaled in peerless achievements, matchless in marvelous wonders, giving as it does a true representation of southern life. This entirely new, wondrously novel and delightfully refreshing performance will be seen at the Myers Grand, Saturday matinee and night, April 29.

Flash Measured

By means of a photograph, made with a vibrating lens, scientists have calculated the time of a lightning flash. It comes out one nineteenth of a second. The calculation is based upon the multiple image in the photographs and the rate of vibration of the lens. The time applies, of course, only to the particular flash that was photographed.

Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, efficient cure of Headache and all liver troubles, take

Hood's Pills

While they rouse the liver, restore full, regular action of the bowels, they do not gripe or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

Will You Build?

If you contemplate building this spring give ample thought to the plumbing of the new house.

It Costs But a Trifle More To Have a Double System

of water service with a motor for elevating soft water to the reservoir—for bath and lavatory purposes. We are putting this class of work in a number of new houses and will be glad to explain it to you.

Hot Water is the acknowledged best heat for the house. Our heaters will run with one-third less coal than any system you can put in.

Figures on work of any kind, we give you cheerfully.

MORE FIGHTING IN SAMOA.

Party of British Sailors. Attacked by the Natives.

FOUR SLIGHTLY WOUNDED.

The Expedition Finally Compelled to Retire and Swim to Their Cutter Under Fire—Many Natives Killed on Both Sides During the Combat.

Apia, Samoa, April 18, via Auckland, N. Z., April 28.—There was a battle at Muliangi, fifteen miles from Apia, on April 15. Lieut. Gaunt of the British cruiser Porpoise landed there with 100 men. The British force was attacked by 2,000 Matafaans, and after a hot fight was compelled to retire. The fighting continued to the water's edge. The British were compelled to swim to their cutter under a heavy fire.

A small party of friendly natives thereupon charged with reckless courage upon the village, which was burning, and drove the Matafaans out. Lieut. Gaunt returned to support the friendly. Ultimately all withdrew from the village. Only four of the British force were wounded.

The cutter meanwhile had exhausted all of its Nordenfiedt ammunition, and the Porpoise shelled the bush to the rear of the village. The Matafaan loss was eight killed and several wounded.

Mr. Maxse, the British consul, and Surgeon Odell of the Philadelphia were under fire throughout the day.

A German ex-officer named Buelow armed 400 rebels and started with them in thirteen boats for Savaii. The German warship Falke, with Herr Rose, the German consul, aboard, pursued them and brought them back.

Philadelphia Goes to Pango-Pango.

Berlin, April 28.—An official dispatch from Apia, dated April 18, states that after the arrival of the last mail the United States cruiser Philadelphia went to Pango-Pango. The British warships continued to bombard the coast villages of Upolu. Slight engagements have occurred on shore. A collision on April 17, three miles from Apia, ended in the retreat of Malietoa Tanu's people. About seventy natives were killed or wounded. None of the Europeans was hurt.

WANTS THE WAR STOPPED.

Edward Atkinson Writes Letters to Soldiers at Manila.

Boston, Mass., April 28.—Edward Atkinson of the Anti-Imperialist league frankly admitted he had been sending anti-imperialist letters and literature to the soldiers in the Philippines.

"Have you any reason to suppose your documents will be stopped?" he was asked.

"I hardly think the authorities would venture on such a base attempt to prevent soldiers who are voters from being informed as to the state of public opinion at home, especially when they are using every effort to get home out of the war in which they have been involved against their will and against the purpose for which they enlisted."

"To what extent have your pamphlets been circulated?"

"About 30,000 so far."

"Might not these documents produce insubordination?"

"Yes, the kind of insubordination which I hope, with Tolstoi, will be long pervasive all armies to the end that criminal aggression may be made impossible by the refusal of soldiers who think for themselves to carry out orders which are as abhorrent to them as they are inconsistent with any moral, economic or political principle."

Caucus on the Speakership.

Chicago, April 28.—Prompt action will be taken by the republican congressmen of Illinois to settle the question of a candidate for the speakership. The republican members of the delegation have been requested to attend a caucus at the Grand Pacific next Monday to canvass the relative strength of Congressman Hopkins and Cannon would command in the event of the candidacy of either, and if possible to settle upon one of them as the candidate of the whole delegation.

Cloudburst in Wisconsin.

Madison, Wis., April 28.—A rain-storm, amounting almost to a cloudburst, deluged the city about 1:30 o'clock Thursday afternoon, accompanied by a tornado from the southwest and a fierce electrical storm. A bolt of lightning struck the steeple of the German Lutheran church, shattering it. A class of children belonging to the parish school was in the basement, but escaped injury, though badly scared by the shaking of the building.

Coghlan's Affair Leaves a Scare.

Berlin, April 28.—The Coghlan incident is discussed circumstantially in the Cologne Volkszeitung. This widely circulated centrist paper declares that while diplomatically the affair is settled, morally it is not, for a most disagreeable impression remains. Another such occurrence, it believes, will lead to a disturbance of good relations between America and Germany, and will result in "intellectual mobilization."

Leprosy in an Indiana Town.

Princeton, Ind., April 28.—Owensville, this county, is much disturbed over a supposed case of leprosy. W. A. Deel, who has had a severe case of typhoid fever, now has symptoms of the more dreaded disease. Physicians of the town differ in diagnoses. County health officers will investigate.

IN MEMORY OF GRANT.

Galena Celebrates the Birthday of the Appomattox Hero.

Galena, Ill., April 28.—Galena Thursday celebrated the natal day of her illustrious soldier-citizen and warrior, Gen. U. S. Grant. Citizens from Chicago and Illinois made their annual pilgrimage to the former home of Grant and participated in the celebration held in his honor. Postmaster-General Charles Emory Smith of Washington was the orator on the occasion and paid a glowing tribute to the deceased president whose name is cherished by the loving residents of his former home.

A feature of the morning celebration was the exercises attendant upon the presentation to the Grant park commissioners of a huge five and one-half ton steel-rifled cannon, a trophy from the Vizcaya. Mayor Schmolz on behalf of the city delivered the instrument to Commander Charter of the E. D. Kittie post, G. A. R.

Women Suffragists in Michigan.

Grand Rapids, April 28.—When Susan B. Anthony called the National Woman's Suffrage convention to order Thursday twenty-four states were represented by delegates and many more delegates were looked for on later trains. The afternoon was devoted to routine business, with an interesting report from Vice-President Shaw, showing activities of the past year. Tonight nine welcoming speeches were made by representatives of as many states. Susan B. Anthony responded.

Former City Treasurer Arrested.

Lebanon, Ind., April 28.—Charles T. Bryan, formerly city treasurer, was arrested Thursday on a grand jury indictment, charging him with embezzling \$8,000 city funds. He was released on bond. The grand jury also recommended the impeachment of County Commissioners John Duin and James A. McLean for alleged malfeasance in office and urged that experts be employed to examine the books of the various county offices.

Wholesale Lynching Feared.

Marion, Ala., April 28.—In an altercation between W. A. Mullen, a plantation overseer, and a gang of negroes, Mullen and one of the negroes were killed. Mullen was a very prominent citizen and considerable excitement has been aroused. A posse is in pursuit of the gang and a series of lynchings are imminent.

Rheumatism Cured.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. COYLE, Red Creek, N. Y.

Mr. Culver is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W. G. PHIPPS, Editor Red Creek Herald. For sale by People's Drug Co.

Fierce Warfare in Samoa.

Auckland, N. Z., April 28.—Particulars of the fighting in Samoa, contained in the advices received here from Apia, under date of April 18, show that the battle between the friendly natives and the rebels took place at Vailale, and that the latter lost 100 men in killed and wounded.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. SMOUD, Popponoke City, Md. For sale by People's Drug Co.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by People's Drug Co.

Three Slain, Dozen Wounded.

Washington, April 28.—Maj. Gen. Otis cabled to the war department that in Wednesday's fighting before Calumpit the American loss was three killed and twelve wounded.

Franz Joseph

will stop his sigh, If he imports it over the sea.

CHAS. DENNEHY & CO., Chicago.

Will Meet at Indianapolis.

St. Louis, Mo., April 28.—The third and last day's session of the national congress of the Christian church was taken up with the reading of papers and their discussion. It has been decided to hold the second annual congress of Christian churches in Indianapolis about this time next year.

Col. Henderson for Speaker.

Atlantic City, N. J., April 28.—Representative D. B. Henderson of Iowa announced his candidacy for the speakership of the national house of representatives. Col. Henderson said: "As the Iowa delegation is united in favor of my candidacy, I have decided to enter the race."

A Story of Sterility, SUFFERING AND RELIEF.

[LETTER TO MRS. PINKHAM NO. 69,186]

"DEAR MRS. PINKHAM—Two years ago I began having such dull, heavy dragging pains in my back, menses were profuse and painful, and was troubled with leucorrhoea. I took patent medicines and consulted a physician, but received no benefit and could not become pregnant. Seeing one of your books, I wrote to you telling you my troubles and asking for advice. You answered my letter promptly and I followed the directions faithfully, and derived so much benefit that I cannot praise Lydia E. Pinkham's Vegetable Compound enough. I now find myself pregnant and have begun its use again. I cannot praise it enough."—MRS. CORA GILSON, YATES, MANISTEE, MICH.

"Your Medicine Worked Wonders."

"I had been sick ever since my marriage, seven years ago; have given birth to four children, and had two miscarriages. I had falling of womb, leucorrhoea, pains in back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Your medicine has worked wonders for me."—MRS. S. BARNHART, NEW CASTLE, PA.

SENATOR ROEHR ON SUITS.

Milwaukee taxpayers are also deeply interested in the damage suit industry, as is shown by Senator Roehr's vigorous endorsement of Assemblyman Wheeler's bill. In his argument Senator Roehr said damage industry is so prevalent that the state would be justified in wholly forbidding such suits. There are attorneys who keep drummers at work looking up injury cases to prosecute. He also stated that there are 150 such claims filed in Milwaukee, the damages claimed ranging from \$5,000 to \$25,000. The evil has grown not only in this state but in the whole country. All this has been engendered by the statute giving right of damages to persons hurt on sidewalks, which often it is impossible to keep clear of ice. The supreme court has ruled in a way that throws the responsibility on the city for icy sidewalks if perilous, however impossible to remove the ice or snow. A jury is very likely to decide against the city. Mr. Roehr favored the amendment which provides that only if the snow and ice have remained three weeks, shall injury warrant action. It is often impossible to remove the stuff in forty-eight hours.

Senator Whitehead also made a spirited fight for the bill, arguing that it is wrong that \$40,000 should be wrung from a city in eight or ten years for injuries on sidewalks, as has been the case in Janesville.

MARRIAGE LICENSES.

Unless Governor Scofield vetoes the true marriage regulation, it will be "the law of the land" before many days. As the bill was passed it provides that every couple who desire to marry must procure a license from the county clerk at least five days before the ceremony can be performed. In cases where one of the parties may be on a deathbed or when for any other reason it is necessary that the ceremony shall be performed without the license and without the five days' delay, they may be married by securing an order from the judge of any court of record permitting an immediate marriage.

Thus it will be seen that the new law will put a stop to elopements and marriages, where parental objections are raised. Wisconsin has long been the Gretna Green of runaway Illinois couples, and Rock county people can recall any number of cases where hasty marriages brought only unhappiness to the principals.

People who object to the formality of securing a marriage license, should not wed. The law will work no unjust hardship, and its passage is to Wisconsin's credit.

Senator John C. Spooner has secured the appointment of Gen. O. H. La Grange, a former Wisconsin resident and war veteran, now living in New York, as commandant of the Santa Monica (Cal.) Soldiers' Home at \$4,500 per annum. Gen. La Grange, when the civil war broke out, was a law student at the Wisconsin university. He served as captain of Co. B of the Fourth Wisconsin cavalry and finally became its colonel through gallant service. He was made a brigadier-general before the war closed. He was an intimate friend of Gen. Grant and the latter made him superintendent of the mint in San Francisco when the war closed.

Beloit Free Press—"Civil service or no civil service" Democratic Mayor Rose of Milwaukee proposes to "fire out of the city hall every republican who holds a position." Respectfully referred to Republican Gov. Scofield who, rumor says, contemplates appointing a democrat on the tax commission.

Constant Reader—"Ostriches, when frightened, get over the ground at the rate of 25 miles an hour. Their strides measure 1 1/2 feet. Your second question cannot be answered as the penguins have never been "sent for a record."

An exchange says: "Beer tablets are about to be put on the market in Ger-

many. A small tablet dropped into a glass of water will turn it into beer as fresh as if just drawn from the keg." We shudder to think of the effect of the publication of this item at Milwaukee, Wis.

Assemblyman Wheeler made a good fight against the anti-spring shooting law, and the farmers—who under the provision of the new law will be prevented from shooting on their own land in the only season when the ducks visit them—are not likely to forget the fact.

Gov. Scofield has made a record that will live, and stands today in the highest pinnacle of public popularity. To criticize him now is an admission that the critic is actuated by personal animosity and not political patriotism.

Secretary Gage has decided that if Canada refuses to allow the shipment of American logs across the border, no Canadian lumber will be admitted to the United States.

General "Joe" Wheeler will be assigned to the command of the Department of Texas, and will serve until November when he will resume his duties as congressman.

Janesville people should leave no stone unturned in endeavoring to have President McKinley visit Janesville. The opportunity to entertain the chief magistrate may not be offered again in some years.

Assemblyman Wheeler's bill to give the city a show in the damage suits, is likely to be passed by the legislature, and become a law—a result devoutly to be hoped for.

M. T. Park, editor of the Elkhorn Independent, has been appointed Superintendent of the State School at Sparta to succeed Superintendent S. S. Landt.

As Captain Coghlan is soon to retire, through the regular channels, it is thought that the case against him will be dismissed with a reprimand.

PECK'S SUN A NECESSITY

The first number of Peck's Sun, under the management of George W. Peck and George W. Peck, Jr., will be issued about May 15. It will be on the same lines as formerly, when it enjoyed such phenomenal popularity. The people of Wisconsin will be glad to read this announcement, for Peck's Sun is not a luxury, but a necessity. The genial ex-governor, as everyone knows, simply bubbles over with bright humor, and his sayings and writings have been laughed at all over the world.

Peck's Sun did much for Milwaukee, and the Cream City was celebrated wherever English was read because it was the home of the Wisconsin humorist. Nowadays they claim that a brew of beer has "made Milwaukee famous," but it should not be forgotten that this brew was hardly known until it was advertised in Peck's Sun. The paper was of more value as an advertising medium for Milwaukee than all the other newspapers published in the city, at that time, combined. And what advertises Milwaukee, advertises the state. At least 50,000 people in Milwaukee and Wisconsin should subscribe for The Sun, and no reputable Milwaukee business house can afford to be unrepresented in its advertising columns.

Ex-Governor Peck's best endeavors have always been at the disposal of Milwaukee people when any movement for the benefit of the city was started. He was ever ready to neglect his own business for the good of the community, and no committee that was expected to do \$5,000 worth of work in return for a vote of thanks, was complete until the name of George W. Peck was on the list. The people have always felt that they had sort of a mortgage on the governor's time, and he was too public spirited to disabuse their minds.

Now the citizens have the opportunity to show appreciation of the services that were always so cheerfully rendered, by sending their subscriptions and advertising to "Peck's Sun, Milwaukee," for, in the language of the "print shops," "now is the time to subscribe." Really, you must have Peck's Sun, gentle reader. Do not dwell in the darkness that is never penetrated by the shining shaft of wit. Other papers may give you the news, and political opinions to suit, but Peck's Sun will brighten your pathway, and smooth out "troubles" ruffled front" when all other remedies fail.

CLINTON VISITED BY STORM

Fury of the Elements Does Considerable Damage
Clinton, April 28—During the storm last evening, both smoke stacks at the Electric Light Co.'s power house were blown down. Lightning struck the large barn owned by Henry Cheesman, doing considerable damage to the structure. The wind played havoc in general, but the above instances are the only ones where property was damaged to any extent.

LIGHTNING STRUCK
SACRED EDIFICEROCK PRAIRIE PRESBYTERIAN
CHURCH DAMAGED.

Fire Was Narrowly Averted And Assistance In the Nick of Time Saved the Structure—Wind Caused Much Havoc In Janesville—Trees and Small Buildings Suffered.

During the storm of last evening, lightning struck the Rock Prairie Presbyterian church near Johnstown, raising havoc with the building.

The lightning first lodged in the steeple and then worked its way to the roof, where it loosened timbers and shingles on all sides.

The interior of the church was badly damaged, but assistance in time saved the edifice from being destroyed by fire. The Rock Prairie Presbyterian church was but recently completed, and the damage done by lightning will foot up a goodly sum.

Strong wind caused considerable damage in every portion of Rock county between the hours of six and eight o'clock last evening.

Farmers in the city today report the killing of live stock by lightning and the demolishing of trees and small buildings by the wind.

In the city of Janesville, the damage will take a considerable sum to replace. The tin roof on the plow department of the Janesville Machine Works was damaged by being nearly blown from the building.

At the court house, the large steel flag staff was blown down falling on the roof with a crash.

Spicer Brothers work shop on Lincoln street was moved several inches by the strong wind.

At C. C. MacLean's Milton avenue home, a large evergreen tree was blown down.

In all sections of the city trees were blown down and outbuilding demolished. Street Commissioner Fredericks reports damage by water and wind in every ward in town; a dozen brick chimneys on private houses being blown to the ground. Section crews on both Chicago & Northwestern and the Chicago, Milwaukee & St. Paul railroad were sent out after the storm last evening to guard against washouts. All Wisconsin trains were on time this morning, however.

On account of the damage wrought there will be no services next Sunday morning.

SHOW COMPANY HAVE TROUBLE

Were Puzzled As to How to Reach Broadway.

Fifteen members of the "My Uncle from Japan" company were at the Milwaukee depot this morning indulging in a genuine Philippine Island sweat.

They were bound for Broadway, where they appear this evening, but how to get there without tickets or cash was a question that none of them could solve. The manager had the cash and he never showed up till the conductor gave the signal to pull out.

To make matters worse a local hotel proprietor appeared on the scene and demanded additional money for four of the company who stopped at his hotel over night.

They paid. The train was then held and the troop left the city five minutes behind scheduled time.

SANITARIUM FOR THE BOWER CITY

OAK LAWN HOSPITAL HAS BEEN SECURED.

Will Be As Complete and Attractive As Local Capital And Enterprise Can Perfect—The Hargreaves Institute the Nucleus of the New Organization—Capitalized at \$8,000.

Within a month, Janesville may boast of a sanitarium, which will be as complete and attractive as local capital and enterprise can perfect.

Oak Lawn hospital, formerly the city hospital, located about one and one-half mile north from the center of the city, has been secured and preparations will soon be begun. The alterations and method of conducting the retreat will be along the lines of other notable sanitariums such as are located at Geneva and Racine.

The Hargreaves Institute is the nucleus of the new organization, and has carried on the treatment of the liquor and morphine habits in this city for the past eighteen months. The phenomenal growth of its business has induced its director, Dr. F. B. Hargreaves, to branch out and enlarge his good work. A short time ago he secured an option upon the Oak Lawn hospital with this end in view. Accordingly he solicited the opinions of several of the most prominent businessmen in Janesville as well as from those in his profession, and the encouragement he received was sufficient to warrant the establishment of a thoroughly up-to-date sanitarium.

"Yes," said the doctor, "we intend to establish such a place in the near future, perhaps at once. Heretofore, the Hargreaves Institute has been purely a local affair. We now propose to extend our business all over the state. The new organization will be capitalized at \$8,000. Twenty shares will be taken by local capital and it is our intention to place ten shares in various parts of the state. This we will do in this way: Select ten cities with a population of from 6,000 to 20,000 people. In each one of these cities we propose to dispose of one share of stock to a prominent physician. In this way the sanitarium will become one of the best known in this section of the country. Also by these means we hope to secure a wide patronage from the fact that those physicians will have an interest in the organization, which will prompt them to assist us in every way. They will also comprise what will be called the advisory board and there is no question but that each will take a lively interest in the institute affairs.

Considered from a business point of view, the proposition is a good one. Our limited business now as it is, has earned a trifling over fifteen per cent. and under the new arrangement the returns would greatly increase. Then it would help Janesville. I contend that an institution of this kind, rescuing the fallen from the higher walks of life as well as the lower, is a greater benefit to any city than a factory employing forty hands, even though considered from a business standpoint and eliminating the philanthropy of it. The unfortunate who will come here, perhaps twenty of them each week, will bring more money to Janesville and advertise the city more than could be accomplished in any other way. As a rule, the expend more for clothing and incidentals than the average mechanic or store keeper whose time is more or less occupied all the time. Then with the success of the treatment will come the memory of Janesville, the majority of them of course spending more or less time roaming around, sight-seeing. Here is a city lying in the fertile valley, with the best of water power, the best of sanitation and capital drainage; splendid railroad facilities and central location.

The institute will offer superior advantages to those who are in need of a cure for the liquor or morphine habit. With the facilities of such spacious quarters and skillful attendants, patients may depend upon the very best of attention. The beautiful grounds about the hospital occupy six acres of ground, and the spot is an ideal one for such a purpose. Just what disposition will be made of or the nature of the transfer of the hospital and grounds, the doctor was unable to state. The stock in Janesville will be taken by representative business men and general physicians, the latter comprising the consulting staff. The organization will be completed by the middle of next month.

Beware of Food Samples

Quite recently in New York two deaths occurred from poisoning by the use of powders sent to the victims by mail. In Leavenworth, Kan., the other day nearly every doctor in town was called to attend the children who had gathered up, eaten, and been made ill by samples of an article left at houses by canvassers for advertising purposes. Alum baking powders have always been favorite articles for this sampling business. Yet there is nothing more liable to lead to danger than the practice of using the various samples of baking powder left at the door. They are presented by irresponsible parties, in appearance are not distinguishable from arsenic, and indeed, in Indiana some time since one package was found, after it had caused the death of the housewife, to have been mixed with that poison.

It is safer to refuse all samples of food or medicine offered at the door. Pure cream of tartar baking powders sell upon their merits, and are never peddled or sampled.

CORNER BEEF.—Corned beef that is prepared at home is far superior to any that can be purchased. Get a large piece of meat, weighing between eight and ten pounds, either from the shoulder, rump or brisket. Have the dealer cut it into two or three pieces, removing all the bones, which can be utilized for soup. Wash the meat and put it in a deep stone crock. Make a brine of a half gallon of water, three-quarters of a pound of salt, a quarter of a pound of brown sugar and one-fourth ounce of saltpetre; boil and strain. When quite cold, add one-half teaspoonful pepper, one-fourth teaspoonful ginger, two or three cloves of garlic, about six bay leaves and pour over the meat. Weight the meat so as to keep it under the brine and do not cook for at least five or six days. In cold weather the meat will keep for a month or more if kept in the cellar or other cold place. When ready to cook, take a piece of meat from the brine and wash it. Put over in the kettle with enough cold water to cover, bring to a boil and simmer with a small piece of butter on the stove, where it will simmer gently for several hours or until the meat is tender. Serve either cold or warm. If served cold, cool the water in which it was cooked. Utilize some of the broth in making split pea, bean or lentil soup.

REVEREND KEMPTON OFFERS SUGGESTIONS

ARBOR AND BIRD DAY IN THE SCHOOLS.

No Movement in Public Schools That Meets With More Hearty Sympathy—Teach the Children to Love Nature—List of Books Helpful in Preparing Programs For Observance.

There is no movement in our public schools that meets with more hearty sympathy from all thinking people than does the emphasis that is being put upon nature studies. The time is near when it will be considered more important that a child should know our trees and flowers and stones and birds and stars, than for him to know square roots and algebraical formulas and Latin declensions. Arbor day is doing much to hasten that time; and now Bird day will join hands with Arbor day in the good work.

As one of the citizens of Janesville, who is deeply interested in all that pertains to the welfare of our public schools, I venture to suggest the hope that both these days may be appropriately observed by every teacher. Teach a child to love nature, and you have opened before him the gateway to a garden as rich as Eden. You have introduced him to the Kingdom of "the good, the beautiful, the true." Having for years been an ardent admirer of our "friends in feathers" I trust I will be pardoned for publishing a list of articles (to be found largely in our public library) which will be helpful in preparing programs for "Bird Day," and opening children's mind toward nature and its manifold charms:

"Sharp Eyes," and "I Spy," by W. H. Gibson, "Nature's Hallelujah," and "The Message of the Bluebird," by Irene Jerome, are full of delightfully suggestive and artistic bits of bird-life for black-board pictures.

A pretty corner may be made by a small bush in which the old nests collected by the children are appropriately placed.

Extracts from the writings of bird lovers may find a place in the program. Here are a few: "Robert O'Lincoln," Bryant; "The Mocking Bird," Sidney Lanier; "The Sky Lark," Shelly; "The O'Lincoln Family," Wilson Flagg; "The Rain Song of the Robin," Kate Clark; "The Titmouse," R. W. Emerson; "The Eagle," Tennyson; "To the Skylark," Wordsworth; "The Ugly Duckling," Andersen; "The Daisy and the Lark," from Anderson's Fair Tales; "The White Heron," Sarah Jewett; "The Crow and the Pitcher," "The Fox and the Crane," "The Crane and the Crows," from Aesop's Fables; "Nest Egg," R. L. Stevenson; "Anxiety," George MacDonald; "The Song Sparrow," Dr. Van Dyke; "The Robin," Celia Thaxter; "Little Birdies," Tennyson; "The Brown Thrush," Lucy Larcom; "The Return of the Birds," Bryant; "What the Birds Said," Whittier.

Interesting stories and experiences of bird life may also be found in the following books: "Winter Sunshine," "Wake Robin," and "Fresh Fields" by John Burroughs; "Outings at Odd Times" and "My Study Window" by Dr. C. C. Abbott; "Birds in the Bush" by Bradford Torrey; "Wild Animals I Have Known" by E. S. Thompson; "Bird Ways," "In Nesting Time," "Little Brothers of the Air" by Olive T. Miller; "Birds Through an Opera Glass" by Florence A. Merriam, and "Citizen Bird" by Mabel O. Wright.

There is no state in the union so rich in birds as Wisconsin. If this article shall entice any reader to that fascinating study the writer will be more than satisfied. If it should stir a deeper interest in the schools he will be overjoyed. ARTHUR C. KEMPTON.

ORGANIZE A CLUB OF BUSINESS MEN

THE PLAN IS NOW BEING DIS- CUSSED.

Idea Is to Buy the Van Etta Homestead On South Main Street, Issuing \$50 Transferable Bonds to Raise the Cash—Movers in the Enterprise.

A movement is on foot to organize a social club, with the Van Etta residence, on South Main street, as its home.

The price on the property has been given, and if the deal goes through, in all probability \$50 transferable bonds would be issued to the members; and as the property is worth every dollar that it will cost, nothing could be lost, it is argued.

The property is admirably located for the purpose, and would make a pleasant home for the gentlemen who lived at the club.

At present Janesville has no such organization, and the business men, since the Business Men's Association passed out of existence, have had no place where they could talk over public questions, or spend a social hour. The present plan contemplates about the same membership as was held by the Business Men's Association.

Among the men who are said to be interested in the plan are C. B. Conrad, G. S. Putnam, C. C. Russell, Frank W. Wheelock, W. E. Evenson, Albert Schaller, George D. Simpson, Fred L. Clemens, and a number of others.

A SHOE FOR A SHUTTER.

Plan for Awakening Sleeper Goes Halfway Awry.

Evidently there is no prescribed limit to the ingenuity of a woman. A striking example of this occurred recently in the home of a prominent physician. He has in his household two young lady boarders. One evening Kate wanted to attend a concert and, as the house is not provided with latch keys, she did not know how to get in upon her return. After much thought Mary solved the problem. She would tie a string to her leg, fasten a pasteboard to the other end of the string and drop it out the window. When Kate came home all she had to do was to gently pull the string and wake Mary, who would then let her in. An easy, beautiful scheme, and one which could hardly fail. Kate went to the corner with her best beau and Mary went to bed. The doctor was sitting in his study, when there was a queer flapping against the window. Made him think of Poe's raven, which came "tapping, tapping, at my chamber door. It was a windy night, however, and he didn't pay much attention at first. Then he continued and seemed to get worse. "It is a loose shutter," he thought, and went to fix it. He opened the window and gave an exclamation. There, flopping in his face, was a big square of pasteboard. He couldn't solve the mystery, and, finding the string, gave it a vicious yank, for he thought some boys were trying to play a trick on him. Heavens! what was that. From over his head came a piercing shriek. He yanked at the cord and again and again came the yell. Then someone came to the window above and yelled down; then there was a violent jerking at the cord from above, and when he saw it went into the girl's window he let go. He went inside and called up to Mary "to come down and explain immediately." She dressed and came down limping and tearfully explained her scheme. The doctor read the riot act to her and she sat up until Kate returned and let her in the usual way.

Dangerous Fire in Portland, Ind.

Portland, Ind., April 28.—Fire Thursday afternoon destroyed nearly a block in the heart of this town, involving a loss of \$15,000. The largest losses are as follows: D. F. Cunningham, drugs, \$1,200; C. O. Spahr, groceries, \$2,000; James Wall, buildings, \$3,500; J. A. M. Adair building, \$2,000. Mrs. Bartling, a dressmaker, was prostrated in a burning building and had to be carried out. Several persons were slightly injured.

Anti-Trust Law Is Upheld.

Little Rock, Ark., April 28.—Judge Martin of the Circuit court Thursday rendered a decision upholding the constitutionality of the anti-trust law, but limiting its force to offenses committed in the state of Arkansas. The attorney-general construed the law to cover rate making by insurance companies in Arkansas or elsewhere, thus excluding the old-line companies from the state.

Brunot Wants the Property.

Pana, Ill., April 28.—Henry Brunot, the boy murderer, through his guardian, Attorney Dowdall, has begun suit against the heirs of Jane Brunot, the woman he murdered, for a portion of the forty acres of land near Pana which she owned at the time he killed her. He claims that under the law he is entitled to one-fifth of his deceased aunt's property.

To Settle Railroad Dispute.

Lansing, Mich., April 28.—The Dudley bill, directing the secretary of state, treasurer and railroad commissioner to negotiate with the Michigan Central and Lake Shore and Michigan Southern Railway companies for the surrender of their special charters, was passed by the house Thursday by a vote of 53 to 89. It is favored by a majority of the senate.

Women Elect Officers.

Cedar Rapids, Iowa, April 28.—The twenty-eighth annual meeting of the women's presbyterian board of missions of the northwest closed Thursday afternoon. The following officers were elected: President, Mrs. H. H. Forsyth; recording secretary, Mrs. W. B. Jacobs; treasurer, Mrs. C. B. Farwell, all of Chicago.

Chicago Live Stock Report.

Chicago, April 27.—Fair Thursday's receipts found outlet in good time today; values in most cases showing little change from the level of Wednesday's sales. Some handy light steers could be sold 5@10c higher, but there was no general advance for cattle and most of the good hogs sold steady, though some of the plain mixed and packing sold ½c below prices paid for such the day before. Heavy native lambs were slow sale, but the bulk of the offerings in the sheep pens sold right at steady prices. Today's receipts are estimated at 8,000 cattle, 28,000 hogs and 12,000 sheep. Trade held out fairly well and at noon the bulk of the offerings in every branch had found sale.

He Made His Money by Having the Foresight to Embrace Rare Opportunities—An Income of \$5,000 a Day.

William A. Clark, United States senator-elect, will be an interesting personality among the personalities that makes up the body to which he will go as the accredited representative of the state of Montana. This is not solely because he is enormously wealthy, but also because of the qualities which have enabled him to amass his riches, he having won his vast fortune by pure personal effort and by seizure of opportunity. When a man who is an art lover and a judge of art, who knows the value of books, can look back and see himself a penniless boy, some one deserves credit. In Mr. Clark's case no one deserves credit but himself. Mr. Clark is a Democrat, and has contributed liberally to the campaign funds.

At a fair estimate Mr. Clark's wealth may be stated to be about \$30,000,000, and his daily income about \$5,000. Its accumulation began when he was a mere boy at labor. Now his capitalist operations reach from one tide water to the other. In old Mexico is the im-

pulse of his resources felt. In Europe painters and sculptors know his name and respect his judgment. He owns mines of gold and silver; he extracts sugar from beets; he operates coal mines and railroads; he owns a factory for the manufacture of copper wire; he is beginning to grow coffee, sugar-cane and rubber and may become a grower of tea; he is a broker and a stock grower.

The scale on which each of these enterprises is conducted is large, and yet Mr. Clark finds time to keep abreast of the latest in literature, in science and in art, and he has a knowledge of public affairs and men that many with far more leisure lack. Truly a marvelous stride from the days when he taught school in a country district in Missouri in 1859-60.

Mr. Clark was born January 8, 1839, near Connellsville, Pa. From Pennsylvania his parents moved to Van Buren County, Iowa. The elder Clark was a farmer, and the son had three months of winter school and nine months of farm work. Later he attended Laurel Hill academy, and afterward an academy at Mount Pleasant, where he studied law for two years. In 1859 he went to Missouri, taught a country school for a year, and then went further westward. In 1862 he crossed the plains to Colorado, locating at Central City, where he engaged in quartz mining. There he gained the practical experience that has been of such value to him since.

The next year the news of the gold finds in Montana reached him, and he started for the new Eldorado. The first season he made \$1,500 net. He realized that there was more money in merchandising than in placer mining, and with \$1,500 he went to Salt Lake City, bought all the goods he could, and returned with them to Virginia City, where they were disposed of at enormous profits. For several years he followed up this business, and in 1868 the original cash capital of \$1,500 had grown to as many thousands. Then he formed a partnership with R. W. Donnell of New York for the purpose of carrying on a mercantile and banking business. Deer Lodge was selected, and the bank was located there until 1884. Then Mr. Clark bought Mr. Donnell's interest, moved the bank to Butte, and today it is one of the leading private banks of the northwest.

In 1872 Mr. Clark purchased a group of mines near Butte, and they proved to be fabulously rich. To equip himself to manage his own business he took a course in the mining department at Columbia college, New York. He has kept his mining studies up, and while he employs mining experts, he is personally the final judge of value when a purchase is to be made. He has acquired mine after mine in the Butte district, and now owns a score of the richest and most famous. His luckiest investment, though, was in the Verde copper mine at Jerome, Ariz. Other capitalists had a chance at it before Mr. Clark; but their experts reported it to be valueless. Mr. Clark examined it personally, conducted his own tests, bought the property, and owns it today. The mine is the greatest producer of copper in the world, not excepting the great Anaconda mine at Butte, and Mr. Clark has a standing offer of \$20,000,000 for it.

For a number of years Mr. Clark has traveled in Europe. A few years ago while in Germany he became interested in the beet sugar industry. He studied it from the standpoint of a chemist and a business man, and as a result he made some experiments in the culture of the beet in Southern

California. So satisfactory was the result that he purchased 10,000 acres of land in the vicinity of Las Alamos, built a factory, equipped it with the latest and best machinery, and this year he will extract the sugar from 350,000 tons of sugar beets at his factory. Five years ago he bought a tract of 32,000 acres of wild land in Old Mexico, eighty miles from Vera Cruz, on the gulf. It has been cleared and sugar cane, coffee and rubber will be the products. To get the best results from the copper produced by his Arizona mine Mr. Clark has built at Elizabethport, N. J., a factory for the production of copper wire. It is known as the W. A. Clark Wire Works, and has a capacity of 100 tons of copper wire every twenty-four hours.

Mr. Clark is a widower, and has three sons and a daughter. The latter is married to Dr. E. M. Culver of New York. Of the sons two are at school in the east, while the eldest, Charles W., is married and lives at Butte. Mr. Clark is now building for his daughter in New York a magnificent residence, which will be the home of his art treasures.

There will be few men in the senate better linguists than Mr. Clark. He is a fluent conversationalist in French, German and Spanish, having studied those languages under the best masters abroad, while no one will be able to find a flaw in his every-day English. How a man with the multitude of enterprises Mr. Clark has had on his hands could find the time to study and equip himself intellectually to the extent he has is more marvelous than his ability to amass millions.

Much has been said about his art collections. During his visits to Europe he has gathered more than 100 of the best works of the masters of the Barbizon school. He has what is recognized as Portun's greatest work in his collection, besides the works of Corot, Delacroix, Von Moreche and half a dozen others.

His one ambition since Montana was admitted into the union has been to represent the state in the United States senate. He was elected by the first legislature, but the senate seated his republican contestant. Again in 1892 he made the race, but his unrelenting enemy, Marcus Daly, forced a deadlock, and Mr. Clark failed to win by two votes, after a fight of sixty days. This time he has beaten his old enemy, though he had to go outside of his own party for help to do it.

Glove Cutting.

It is said that so difficult is the art of cutting gloves that most of the principal cutters are known in the trade by name and by fame.

Report Pana Mines Sold.

Pana, Ill., April 28.—It is reported that both the Penwell and Pana coal mines have been sold to a syndicate composed of the United Mine Workers of America and outside capitalists, the change to take place May 1. There is great rejoicing over the report throughout the city.

Trial of Mrs. George Ended.

Canton, O., April 28.—The case of Mrs. Annie E. George, on trial for the murder of George D. Saxton, went to the jury a few minutes before 12 o'clock Thursday. Nothing has transpired to indicate the disposition of the jury.

You can have a school of health in your own family, if desired. Tuition 35 cents. One package of Rocky Mountain Tea. Smith's Pharmacy, Kodak Agents.

Excursion to Denver, Col.

The Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets to Denver, Colorado, at half fare plus two dollars, on May 16 and 17, good for return until June 15. These tickets will be good for Colorado Springs and Pueblo. Account general assembly.

Copper Trust Is Organized.

Trenton, N. J., April 28.—Articles of incorporation were filed with the secretary of state Thursday of the Amalgamated Copper company, with an authorized capital of \$75,000,000. The company is empowered to mine, refine and otherwise treat copper, gold and silver, zinc, brass, iron and steel.

More business men lose fortunes and social standing by ill-health than all else combined. Rocky Mountain Tea will bring health and prosperity. Smith's Pharmacy, Kodak Agents.

If the Baby Be Cutting Teeth. Restore and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, cures the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in, and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee upsets the stomach and ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c per package.

BILLIONS OF BOLUSES.

J. Ball, Esq., and Uncle Sam Lead in Swallowing Pills.

It has been lately discovered that Uncle Sam has an unrecorded feather in his cap. He not only consumes more whisky, beer, etc., than any nation in the world, but, as a direct cause or consequence, he annually swallows more pills. England is a close second, but then the second man, like a vice president, has always sunk into the bottom of oblivion. There is no need to put off rejoicing. We lead mankind in patent medicines. The introduction of machinery has in pill-making, as in all other trades, greatly simplified and increased the business. Where formerly chemists and apprentices were engaged, there are now machines to mix, coat, box and count the goods. The output in Great Britain, in consequence of the extreme ease in which both the medicine and the money may be made, has yearly increased until it is now estimated that 250 hundred weight, or about 40,000,000 pills, are consumed each week. In the United States the figures run over 50,000,000. This means that five humans out of six take a pill every seven days. The uses to which this mass of medicine is put are of course manifold. The majority are for so-called incurable diseases, while, of course, a great portion are panaceas. The advertising from the business is enormous, \$50,000 per week in England and \$75,000 in America being a modest estimate. The profits are said to be monstrous, as the ingredients in the most cases cost little or nothing. America is a great, although unconscious, believer in faith cure. Her generally extraordinary health has been by some attributed to the fact that the majority of her people, before calling a physician, will dose themselves with these ready-made pills.

Holds Fast to Prisoners.

Madrid, April 28.—The minister of war, Gen. Polavieja, it is announced, has received advice to the effect that Aguinaldo intends "to retain the American and Spanish prisoners; as, in the event of a cessation of hostilities, it will enable him to demand better terms of peace."

BRADFIELD'S FEMALE REGULATOR

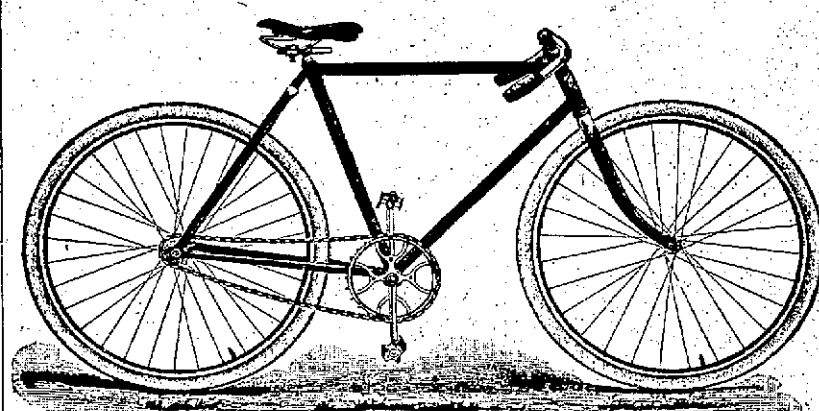

gives nature the mild assistance needed for the regulation of the menses. It is of wonderful aid to the girl just entering womanhood, to the wife, and to the woman approaching or going through the turn of life. Women who suffer from any unnatural drain, any bearing-down pains in the lower abdomen, falling or displacement of the womb, can quickly cure their troubles at home, completely away from the eyes of a physician. A few doses taken each month will regulate the menses perfectly.

One Bottle Brightens Up All The Furniture.

Monarch Furniture Polish

Has not its equal. A cotton cloth; a little rubbing, and the furniture looks like new. The highest finished woods will accept MONARCH POLISH—such as pianos, mahogany tables, etc.

One 25c bottle will go over the entire house.

The little annoying scratch on the wood work disappears with a small application. You put the Polish on and then rub it off—all there is to it. Will not spot carpets or stain the hands—a perfectly harmless and thoroughly good Polish.

The price, you know, is 25c a bottle.
